

29. The Story of Anasuya (1)

Anasui was the wife of Sage Athiri. She was known as Anasuya because she was

devoid of Asuya. Asui-means jealousy. Anasuya means one who is not jealous. She excelled in chastity. Narada, who was an expert in penmanship, stirred up this enmity with Mutevarkadku. Mutevars also came to her wanting to destroy her chastity. She has made them children by her virtue. It happened that the Mutevas were also drinking milk from her. Then the wives of the gods came to her and rescued her husband. She also understood well that if one attains the absence of envy from anyone, there is nothing like it

among the best fruits to be obtained.
