

## 50. Story of Arichandra (2)

Arichandra, who was famous for truth, was ruling the kingdom with great

wealth. Viswamitra wanted to make Arichandra a liar. The messenger sent some people to ask for material for Velvi. Arichandra said that he would give without realizing the quantity of the object. Then Vishwamitra got the country, city etc. Sage Arichandran sold his wife and people because he gave everything he asked for without examining anything, and he kept Danunj Sudal and tormented him. Arichandhiran became a perfect example that those who do not behave in accordance with "Valavanaiyum Aalavarin Tahithun" and those who spend their money and donate to their heart's content will suffer in the end.
